This notice is issued pursuant to Title 6 NYCRR Part 617 of the implementing regulations pertaining to Article 8 (State Environmental Quality Review Act) of the Environmental Conservation Law and Suffolk County Local Law #22-1985.

The Final Generic Environmental Impact Statement (FGEIS) for the Suffolk County Subwatersheds Wastewater Management Plan has been determined to be adequate and complete pursuant to Title 6 NYCRR Part 617. Below is a description of the proposed action, the content of the FGEIS and the location where the FGEIS is available for public review.

Name of Action: Suffolk County Subwatersheds Wastewater Management Plan (Implementation of the Plan's Primary Recommendations)

Description of the Action: The proposed action involves Suffolk County's implementation of a wastewater management strategy based on the recommendations presented in the Suffolk County Subwatersheds Wastewater Management Plan and the changes to the Suffolk County Sanitary Code required to implement these recommendations. The Suffolk County Subwatersheds Wastewater Management Plan is a Suffolk County Reclaim Our Water and Long Island Nitrogen Action Plan initiative that provides recommendations for the development of a wastewater management program to reduce nitrogen loading from wastewater sources.

Location: Suffolk County

Content of the FGEIS: The FGEIS for the Suffolk County Subwatersheds Wastewater Management Plan includes the Draft Generic Environmental Impact Statement which analyzed the potential environmental impacts (positive or negative) that may result from the implementation of the proposed action. The FGEIS also includes the public comments received on the DGEIS and the Suffolk County response to the public comments. The
